

You Are Invited

**20th Annual
Placitas Studio Tour
Mother's Day Weekend
May 13-14, 10 am - 5 pm**

The Placitas Studio Tour has become a favorite Mother's Day weekend event in the twenty years since it first began. Fifty-nine Placitas artists open their doors and welcome you to the fascinating spaces where the artwork takes shape. Explore the many unique artist studios in the rolling foothills of the northern Sandias. Take this opportunity to meet and talk directly with the artists about their work, their environment, and their latest creations.

The tour offers a wide array of fine arts and crafts at the fifty studio locations. Enjoy the magnificent views of the Sandia Mountains and the natural beauty of Placitas as you visit your favorite local artists and meet new ones including 13 studios new to the tour and five studios that have participated in all 20 events: Bunny Bowen, Jon and Nancy Couch, Mary and Karl Hofmann, Peaches Malmaud and tour founder, Riha Rothberg.

Placitas is located in the Sandia Mountains off I-25 between Albuquerque and Santa Fe. From I-25, take Exit #242 and turn east on Highway 165 to Placitas. Visit the tour website at www.PlacitasStudioTour.com to download the map and preview the artists. Maps will also be available at studios and numbered signs will be posted throughout Placitas to direct you to studio locations. Our doors are open!
